

Charity Auction

Each year the Conference Committee selects a charity to benefit from the Live and Silent Auctions and Raffle held during the Informal Dinner on Monday.

This year we will be raising funds to support: **Heart of Australia**

Heart of Australia (HOA) is on a mission to deliver quality, specialist medical services to Australians living in rural and regional communities. HOA embraces an innovative approach to front-line service delivery, bringing medical specialists and state-of-the-art equipment to communities that need them on a fleet of custom-designed mobile medical clinics.

Since HOA commenced operations in 2014, they have seen over 11,000 patients in the community and helped save over 500 lives, with many of those patients living and working in mining communities.

If you would like to support Heart of Australia by making a donation of a prize for the auctions, please contact the Conference Organiser:
