An Invitation

Dear Industry colleagues,

On behalf of the Conference Committee, I am delighted to invite you to attend the **33rd Annual Queensland Mining Industry Health and Safety Conference** at The Star Gold Coast from Sunday 21 to Wednesday 24 August 2022.

The theme of the 2022 Conference is Together we Collaborate, Innovate and Educate. As you may reflect this is the theme from the last two years in which the conference had to be cancelled due to COVID-19. The theme remains as relevant today as it was in previously and hence the decision to retain the theme for the conference this year. The program will vary with a new call for papers and innovations, with the keynote speakers addressing the theme in the present and future.

This year's Conference has attracted a wide range of presenters willing to share their knowledge, expertise and insights into important health and safety matters in our industry. I invite you to engage and challenge them, and each other, in keeping with the theme of the conference. It has been three years since the last conference and I am sure you will agree it is time for us to come together, share our stories, reflect on what has been done, and what has yet to be done in the collective vision of Zero Serious Harm.

Effective collaboration enables us to share information, so we learn from the challenges we face, and lessons of the past. Innovation underpins the essential element of improvement, so not continuing to do it the same way and expect a different result. We all have an obligation to educate those mine workers entering the industry, those within the industry and those that support the industry through the many services provided to the industry.

When we educate, we stay ahead of industry trends, work smarter, think more creatively, innovate more, are more engaged in our work and operate in a healthier and safer industry. Remember education is not the learning of facts, it is the training of the mind to think, which enables us to differentiate between what we know, and what we don't.

The Conference begins with lunch on Sunday, followed by the official opening by the Minister for Resources Scott Stewart, and keynote presentations, with the welcome function among the trade displays to end the day.

Monday will be a full day of sessions, including the presentation of the Queensland Mining Industry Health and Safety Conference Legends Award and the Innovation Award Presentations. The evening features an informal dinner and appeal auction in aid of Heart of Australia.

Tuesday will be a full day of sessions, with the start of the concurrent session presentations after the Morning Break.

Wednesday features another full day of sessions with the conference concluding with the Conference Dinner and Award presentations that evening.

As ever, our conference committee members will continue their tradition of attending the registration desk, and each of them encourage you to engage and ask questions.

On behalf of the Committee, we look forward to welcoming you at Australia's premier Mining Industry Health and Safety Conference at The Star Gold Coast this August.

Peter Newman

Chief Inspector of Coal Mines, Resources Safety and Health Queensland
Chair, Queensland Mining Industry Health and Safety Conference 2022

Conference Information

THE STAR
GOLD COAST

The Venue - The Star Gold Coast

The Star Gold Coast is in the heart of Broadbeach at 1 Casino Drive, Broadbeach Island, Broadbeach 4218.

All the Business Sessions, Trade Exhibition and Evening Functions will be held within this venue. Special accommodation rates have been negotiated with The Star, where you are only a lift ride away from all the action.

COVID SAFE PLAN

The Star has in place a COVID Safe Conference Plan to safeguard the health and wellbeing of everyone attending. Welcome instructions will be forwarded to Delegates just prior to the Conference.

WHO SHOULD ATTEND

During the last Conference held in 2019, over 1000 people involved in the health and safety sector of the mining industry attended to network and exchange ideas and experiences. At this early stage, we are working on over 800 attendees.

We welcome everyone involved in health and safety within the mining industry, including but not limited to, the following:

- Chief Executive Officers
- Mine Managers and Supervisors
- Mine Workers
- Safety and Health Representatives
- Safety and Health Managers
- Safety and Health Professionals
- Health and Hygiene Professionals
- Government Regulators
- Trainers
- Researchers
- Lawyers
- Suppliers of Safety and Health Products and Services
- Apprentices
- Students

REASONS TO ATTEND

The focus this year is on *'Together we Collaborate, Innovate and Educate'*, with the whole of the Conference dedicated to embracing and pursuing this theme.

Over the three and a half days of Conferencing you will experience:

- 11 Keynote Presenters sharing their experiences and insights
- Presentations by Innovation and Health Ward Finalists vying to be a Winner for 2022
- Poster Displays of Innovation and Health Program Award submissions
- 54 Concurrent Session presentations on topics selected from Presenter Abstract Submissions by an Industry Assessment Panel
- An Exhibitor Presentation Session where 8 Exhibitors present their latest innovative products and services
- Access up to 55 businesses and organisations displaying their latest products and services
- Mining Industry Historical Display presented by Members of the Ipswich Historical Society
- Virtual Reality simulation of past mine disasters

Registration Form

Everyone planning to attend the Conference is encouraged to register early to avoid disappointment.

Every person attending the Conference has to register with the Conference Organiser. This may be done through the On-line facility on the Conference website or by downloading a **pdf version** of the form off the website.

Accommodation at The Star and nearby Apartments may also be booked through this form.

Trade Exhibition - Event Centre Marquee

Proudly Sponsored by uvex Safety ANZ

uvex

Here's the ideal opportunity to meet 55 exhibitors in the one place and be exposed to new innovative products and services across the health and safety sector of the mining industry.

The Exhibition will be open for the duration of the Conference, with special times being set aside prior to the start of Business Session, the Welcome Function on Sunday evening, a 'Happy Hour' on Tuesday evening, during all Morning and Afternoon Breaks, and at Lunchtimes on Monday, Tuesday and Wednesday.

Espresso Coffee Carts will be operating in the Marquee at popular times for the purchase of a range of coffees.

The successful 'Happy Hour' introduced at the last Conference will again be held among the displays in the Event Centre Marquee on Tuesday from 5.00pm to 6.30pm. Complimentary food and beverages will be served during this period.

All Display Booths have been allocated.

Health Hub - Event Centre Marquee

Proudly Sponsored by South32

Good health is essential to enjoying life!!

So, you think you are healthy! if so, why not take a few moments to double check to see if that is so. It's very easy. All you need do is take the time to visit the Health Hub and speak to the Health Professionals who will be in attendance during the Conference. This is a great opportunity to gain a few tips to ensure you continue to be in peak physical condition.

The following organisations will be represented in the Health Hub, as Guest Exhibitors:

CQ Rescue Health Services
Danger Sun Overhead
HEART OF AUSTRALIA CORPORATE HEALTH
MATES in Mining

Poster and Static Displays - Event Centre Gallery

An invitation has been extended to all those who submitted entries for the Innovation and Health Program Awards to take up the offer to set up a Poster and or Static Display for the duration of the Conference. The Authors will be present at the Morning Break on Tuesday 23 August to discuss their submissions with Delegates.

Russell White

Russell's experience in the road safety field is unique. His career spans more than 29 years and encompasses expertise across a broad range of road safety matters. He is widely regarded as one of Australia's leading road safety advocates and media commentators, with regular appearances on programs such as Sunrise, The Today Show and The Project.

The driving force behind his commitment to reducing road trauma is based around three key factors: Advocacy, Research and Education.

Russell is the Managing Director of Driver Safety Australia. In addition, he is also the Founder and CEO of the Australian Road Safety Foundation. The Foundation operates national community-based road safety campaigns - 'Fatality Free Friday' and 'Rural Road Safety Month'.

His vision, innovation and long-term experience makes him a "one of a kind" in the road safety industry.

Keynote Presenters

Dallas Adams - Session Proudly Sponsored by Evolution Mining

Dallas is Director of DC Adams Group - Why Safety Matters. He presents his life experiences of a Mining and Tunnelling family. A consultant and advisor of the importance of safety, safety awareness, and maintaining a safety culture. A qualified Trainer and Assessor, Electrical Trade, Operator and Mentor.

Dallas founded DC Adams Group - Why Safety Matters after losing his father to a workplace accident in 2017 on a major tunnelling project in Sydney and wanting to talk about his brother's mining accident in 2004.

He talks about the consequences a workplace accident can have on your family and how important it is to create a safe environment for workers.

Dallas describes both accidents in detail and what he believes happened and how both accidents have impacted his life and the life of his family. The stages of grief and the importance of getting help.

Dallas has spent 26 years working in the mining and underground construction industry as an operator and as an electrician. His passion for safety awareness has given him a positive outlook moving forward and his ability to share his experience as a learning tool for others has benefitted many people over the time presenting "Why Safety Matters". "Our future is important and we need to make it safe".

Sean Brady - Session Proudly Sponsored by BUMA

Sean is a forensic engineer who works with business, government and the legal sector to understand and resolve complex issues that typically require a whole of system approach.

Sean has just completed the Brady Review, an investigation into the causes of fatalities in the mining industry in Queensland, Australia. This review analysed 20 years of incident and fatality information, was data driven, and culminated in 11 recommendations for both industry and the regulator on how to lower the fatality and incident rate.

Sean speaks, podcasts, and writes about failure, human behaviour, data analytics and engineering disasters. He has also acted as an expert witness on numerous occasions.

Grant Chisnall - Session Proudly Sponsored by Evolution Mining

Grant is a Crisis Advisor, Podcaster and Professional Speaker who has a passion for leadership, communication and decision-making. He has supported some of the world's leading organisations through crisis events ranging from cyber-attacks to coronavirus; activism to air crashes; and from Natural Disasters to workplace fatalities.

His Podcast Crisis Talks tells the extraordinary stories of people who have led through crises and their stories of leadership and resilience in the face of adversity. Grant's aim is to help leaders prepare for the worst-case scenarios and respond proactively and with confidence to any incidents that threaten their people, operations or reputation.

Andrew Clough - Session Proudly Sponsored by Blackwoods

Blackwoods

Andrew has a career spanning more than 40 years within the underground mining industry. He has held senior roles within both the coal mining industry and the hard rock mining industry including Mine Manager, General Mine Manager, Chief Inspector of Coal Mines and Vice President Safety, Health and Environment.

Andrew has a First-Class Honours degree in Mining Engineering, a Masters in Mining Geomechanics and an MBA. He is one of the only persons in Queensland to hold both a Queensland Metalliferous Mine Managers Certificate and a Queensland Coal Mine Managers Certificate.

Andrew was a board member on the Queensland Coal Mining Board of Inquiry into the serious accident at the Grosvenor mine.

Hermann Fasching - Session Proudly Sponsored by I-MED Radiology Network

Hermann is the Chief Inspector of Mines for Mineral Mines and Quarries with Resources Safety & Health Queensland. In this role, he provides leadership and management to the staff of the Metalliferous Mines and Quarries Inspectorate.

Hermann has over 35 years of experience in the mining industry. Prior to joining the Mines Inspectorate in 1998, he worked in a number of operational, technical and management roles in both surface and underground mines.

Hermann is a Fellow of the Institute of Quarrying Australia and a Certified Practicing Quarry Manager.

DR Richard Harris SC OAM - Session Proudly Sponsored by Anglo American

Dr Richard "Harry" Harris is an Adelaide based anaesthetist who has worked in diving, aeromedical and remote area medicine. He has been diving for forty years. Having explored water filled caves and deep wrecks for the last 20 years, he was asked to assist with the rescue of 12 boys and their coach from the flooded Tham Luang cave in northern Thailand in July 2018. He was closely involved with the extraction of the boys from over 2.5km underground using an unconventional and unprecedented general anaesthetic technique.

He subsequently received the Star of Courage, Australia's second highest civilian award for bravery, and the medal of the Order of Australia for his role. Harry was the joint 2019 Australian of the Year with his dive partner Craig Challen.

Harry's talk about the rescue illuminates the desperate nature of the operation, the importance of close teamwork and the courage shown around the difficult decisions that were made by the team.

Andrew Hopkins AO - Session Proudly Sponsored by Thiess Pty Ltd

THIESS

Andrew is Emeritus Professor of Sociology at the Australian National University in Canberra.

He has written numerous books about the human and organisational causes of major accidents, including one on the 1994 Moura coal mine disaster in Queensland. He is author of the book - Learning from High Reliability Organisations. More than 100,000 copies of his books have been sold.

He was recently engaged in the development of an international standard for the management of tailings facilities. He is an Honorary Fellow of the Institution of Chemical Engineers in recognition of his "outstanding contributions to process safety and to the analysis of process safety related incidents".

He is an Officer of the Order of Australia (AO) in recognition of his "distinguished service to industrial safety and accident analysis".

Prof Patrick Hudson - Session Proudly Sponsored by I-MED Radiology Network

Patrick is one of the world's leading authorities on the human factor in the management of safety. He was the Project Leader of Shell International's Research program, that led to the Swiss Cheese model. He was also one of the four-man team that developed Shell's approach to safety management systems after the Piper Alpha disaster.

He then led Shell Group's Hearts and Minds program on the development of safety culture in the Oil and Gas industry. In aviation he has worked across flight operations, maintenance and engineering with both Boeing and Airbus as well as many airlines. Patrick was made an honorary fellow of the Australian Institute for Health and Safety. One of only three since the establishment of the AIHS Foundation.

Dinghy Pattinson - Session Proudly Sponsored by **BUMA**

Dinghy has over four decades of underground mining experience in New Zealand, consisting of 37 years in coal and 5 years in metalliferous. He was appointed Chief Operating Officer of the Pike River Recovery Agency in early 2018.

In this role, Dinghy oversees the planning and operational elements of the Pike River re-entry work and has responsibility for ensuring activities at the mine comply with statutory health and safety requirements.

His numerous mining qualifications include Site Senior Executive and First Class Mine Managers certificates in coal and metalliferous, and a Post Graduate Diploma in Coal Mine Strata Control from the University of New South Wales.

In addition to his strong mining background, for the past 37 years, Dinghy has been actively involved with the NZ Mines Rescue Service in the roles of Brigadesman, Station Manager, and Board Member.

Peter Newman - Session Proudly Sponsored by **I-MED Radiology Network**

Peter has a career spanning 40 years in the industry where he demonstrated that Health and Safety is a Core Value. Involved in the planning of the inaugural concept of the Safety Conference in Yeppoon with Mine Managers and Coal Inspectorate. He was also a member of the Mines Rescue Brigade at Blackwater for many years, including being a member of the recovery team following the explosion at Moura No.4 Underground Mine.

From underground miner to undermanager, open cut and underground engineer, supervisor and manager, and 10 years as Mine Manager in Queensland and New South Wales, he has worked for a number of mining companies and a major contracting house as Chief Operating Officer Mining Services, responsible for their Underground, Tyre management, Blasting business and HSE portfolio before joining Resources Safety and Health Queensland in 2019 as the Chief Inspector of Coal Mines.

Theo Venter - Session Proudly Sponsored by **Blackwoods**

Theo resides in Perth, Australia, and is a full-time motivational speaker. His passion for delivering his talk across the globe to as many people as he possibly can stems from his own near-fatal accident on 13 February 2006 – a day he and many others who have shared the experience will have vividly etched in their minds forever.

Over the past 10 years of delivering this powerful message to hundreds of thousands of people in 7 countries, Theo has had the opportunity to influence and inspire hundreds of organisations and its board members, management, supervisors and thousands of workers facing health and safety challenges on a daily basis.

INNOVATION AWARDS

The aim of this Award is to recognise creative and practical solutions to safety and occupational health problems and to promote their application across the Australian Resources Industry.

The Five Finalists selected prior to the Conference, will present their Innovations during Monday afternoon's Session.

The Winners will be announced at the Conference Dinner on Wednesday evening.

There are three Award Categories:

- Winner – as judged by the Industry Judging Panel
- People's Choice – as judged by the Conference Delegates
- Highly Commended – combined vote count of the Judging Panel and the Conference Delegates

Award Prize

In the past uvex Safety ANZ were excited to offer the QMIHS Conference Innovation Award winner an opportunity to attend the global A+A Safety Conference in Dusseldorf Germany.

Student Registration - Queensland

Under graduate and full-time students studying mining industry related subjects at universities are encouraged to attend the Conference to benefit from the exchange of current information. A reduced fee is offered to persons who fit this category. Please refer to the registration form.

Hosted Student Program

Each year invitations are extended to Queensland Universities to nominate students who are studying courses that are relevant to the mining industry. The purpose of the Program is to give students some insight into the health and safety sector and the opportunity to interact with Delegates.

Up to six students receive complimentary conference registration, accommodation and travel to participate in the Conference and assist Committee Members with organisational matters.

It is pleasing to learn that in recent times, a number of students attending this program have been offered employment within the Mining Industry; having made contact with senior leaders in the Industry.

Proudly Sponsored by SAFETY EQUIPMENT AUSTRALIA

Student Forum

Students undertaking mining related course at Universities, in close proximity to the Gold Coast, are invited to attend the Conference on Tuesday, free of charge, to attend the Business Sessions and to participate in the Student Forum that afternoon. A coach transfer is offered from the University of Queensland, St Lucia Campus departing at 9.30am and leaving the Gold Coast at 8.00pm for the return to Brisbane.

This Forum will be held from 4.45pm. It will provide current students and/or recent graduates with the opportunity to engage in an informal Q&A Session with senior members of industry from the private, union, public and regulatory sectors. Students will be able to raise health, and social issues and hear from senior industry representatives on how these challenges are being met.

Places are limited so be quick to register your interest.

For further information on this offer, contact Jenny Marsden:

E: safeconf@acclaimsemm.com.au

M: 0419 025 256

Apprentice Registration - Queensland

The Conference Program will be of great benefit to those who are working as Apprentices in the industry, providing them with a unique insight into the latest in health and safety practices within the industry. They will have the opportunity to meet with their industry peers and leaders in this sector.

If Apprentices fall under your area of responsibility, we urge you to consider sending them to the Conference. A reduced registration fee has been offered.

Photography

The Conference Committee has engaged the services of a Professional Photographer for the purpose of retaining a record of the Conference program and for promotional purposes. Images will be posted on the 'Images Page' on the Conference website and may be used in publications and websites that are accessible by the general public.

These images will also be available to be ordered by delegates, free of charge, with the compliments of the Conference Committee and Mark Duffus Photography.

If you have any questions on being photographed, please advise Mark Duffus at the time of the photo being taken.

Expresso Coffee Carts

For your enjoyment and convenience, Coffee Carts will be in the Event Centre Gallery and the Event Centre Marquee at advertised times for the purchase of a range of coffees.

Live and Silent Auctions

Raising Funds for Heart of Australia

Heart of Australia (HOA) is on a mission to deliver quality, specialist medical services to Australians living in rural and regional communities. HOA embraces an innovative approach to front-line service delivery, bringing medical specialists and state-of-the-art equipment to communities that need them on a fleet of custom-designed mobile medical clinics.

These mobile clinics, lovingly referred to as the “Heart Trucks”, travel from town to town on fixed routes throughout rural and regional Queensland. Specialist services currently being delivered include cardiology, gynaecology, neurology and endocrinology. Since HOA commenced operations in 2014, they have seen over 11,000 patients in the community and helped save over 500 lives, with many of those patients living and working in mining communities.

A separate program, Heart of Australia Corporate Health Initiative (HOACHI), was launched in 2018 and provides mobile health screening, intervention and education programs to organisations in rural and regional Queensland. Following the launch of HOA’s latest mobile medical clinic HEART5 in 2022 (which includes an X-Ray and battery-powered CT), HOACHI now also delivers respiratory health surveillance assessments for coal mine, mineral mine and quarry operators.

If you would like to support Heart of Australia’s activities by making a donation of a prize for the auctions, please contact the Conference Organiser **E: robertseaman@acclaimsemm.com.au** **M: 0409 776 071**

Mining Historical Displays and Videos Coolangatta Rooms 1 and 2

Members of the Ipswich Historical Society have again welcomed the opportunity to showcase a larger collection of items of historical interest to the mining industry.

A selection of videos of historical mining incidents and milestones, assembled by the Conference Committee, will be shown continually in the same room.

Simulation of Past Mine Disasters Coolangatta Rooms 1 and 2

Through a Virtual Reality program provided by the Mine Safety Institute of Australia, you will be able to simulate past mine disasters and learn the lessons from the past.

Dress Code – for your guidance

Conference Sessions each day - smart casual

Welcome Function – Sunday evening - smart casual

Informal Dinner – Monday evening - dressy casual

Conference Dinner – Wednesday evening - lounge suits or dressy shirt and trousers for men and cocktail attire for ladies

Please consider that although the days are usually warm, it will be Winter on the Gold Coast and early mornings and evenings may be cold.

First Aid Service

A First Aid Service will be provided by The Star Gold Coast for the duration of the Conference.

Taxation

Where appropriate, Delegates are advised to contact their Taxation Adviser on what records should be kept for tax deductible expenditure and GST purposes. GST is included in all prices and can be claimed as a Tax Credit, if you are registered for GST.

THE REGISTRATION FORM COMPLIES WITH THE AUSTRALIAN TAX OFFICE’S REQUIREMENTS FOR A TAX INVOICE.

Travel Insurance

It is highly recommended that travel insurance be taken out – as this can protect you from loss of funds relating to travel/accommodation and registration fees – where no refund is possible.

Partner and Guest Registration

Please complete **Section B** on the Registration form.

FOLLOW THESE STEPS TO REGISTER to attend the Conference, book additional function tickets and reserve your accommodation. (see later for details on accommodation)

Click on this link <https://www.qmihconference.org.au/register/> to reach the Registration page on the QMIHS Conference website.

On this page, you will see there is the option to download an interactive PDF registration form OR to go directly to the on-line registration page. Just follow the prompts to complete your on-line registration.

Once you have completed your details and pressed the 'submit' button you will receive a confirmation of receipt by return and once the booking has been successfully processed you will receive a tax invoice showing payment or if payment via an EFT was requested - a tax invoice will be forwarded for action.

Accommodation Options

Special accommodation rates have been negotiated with The Star Gold Coast, Dorsett Gold Coast, Meriton Serviced Apartments, Peppers Broadbeach and Avani Apartments. All these options are close to The Star.

The Apartments offer a mix of one Bedroom and two Bedroom options, the latter being suitable for sharing.

Please refer to the 'Accommodation Page' on the Conference website to check on room types; booking policies; cancellation policies and general information. Once you have decided upon your accommodation option, just complete the details on the booking form or the on-line page.

These accommodation rooms and rates can't be guaranteed after Friday 15 July.

If we are unable to place you in your preferred hotel or room type, a member of our Team will contact you to discuss other options. If you need the tax invoice/confirmation to go to a 3rd party as well as yourself – please include the e-mail address in the appropriate section in the booking process.

DIETARY AND OTHER SPECIAL REQUIREMENTS

If applicable to you please make sure you complete **Section C** of the Registration Form so we may pass any dietary or other special requirements on to the Hotel.

Responsibility: The Conference Committee for the Queensland Mining Industry Health and Safety Conference 2021 and Acclaim Special Events and Meeting Management accept no liability or responsibility for death, or illness of, or injury to, or for loss of or damage to any property belonging to, or financial loss by, any person attending the Conference, any person accompanying such person or any third parties, whatever the cause, nor do they accept liability or responsibility, whether it be financial or otherwise, for any operators in association with the Conference. Signature on the Registration Form and receipt of confirmation issued by the Conference Organiser shall be deemed as consent to the above conditions.

Payment Methods

Payment may be made by EFT - bank details will be on the Tax Invoice – or by Credit Card (Visa, Mastercard or Amex).

By Credit Card: - This is the preferred method to secure your registration and accommodation.

Please note that Peppers, Avani and Meriton require full pre-payment as part of the block booking agreement.

For on-line bookings - all card details are securely stored in an 'electronic vault' and access is only possible via a two-step security process.

By Electronic Funds Transfer: - Upon receipt of your Tax Invoice, payment via EFT is required within 14 days. Please note that all accommodation MUST be paid prior to the 1 August in order to allow time for funds to be transferred to the venue(s).

3rd Party Credit Card Authority for Accommodation: - If your organisation is paying for additional charges made to the room during your stay – a 3rd Party Credit Card Authority Form will need to be completed and returned prior to arrival. Please contact the Conference Organiser for this form if required. (safeconf@acclaimsemm.com.au).

Check-in Process for Accommodation: - Please note that on check-in all guests will need to provide their credit card as a guarantee for any additional charges made to the room during the stay. If a 3rd party credit card is to be used then the Authority form as mentioned above MUST have been completed and returned in advance of arrival in order to avoid any confusion on check-in.

The Star will normally debit your card just prior to arrival for the number of nights booked / guaranteed, any additional charges will not be debited until check-out.

If you prefer to pay in full for your accommodation at the time of booking your registration – please advise the Conference Organiser.

CANCELLATION OF REGISTRATIONS AND/OR ACCOMMODATION:

Any request for a cancellation of a Registration and/or accommodation must be forwarded in writing to the Conference Organiser. A full refund applies to cancellations received up to 15 July 2022. After this date no refunds will apply except under exceptional circumstances.

Transfer of Registrations and/or Accommodation

Registrations and/or accommodation may be transferred to another person within the same organisation without penalty by **advising the Conference Organiser in writing.**
