

Sam Bailey

‘You don’t need wings to fly’

All I ever wanted was to be a
farmer just like my Dad....

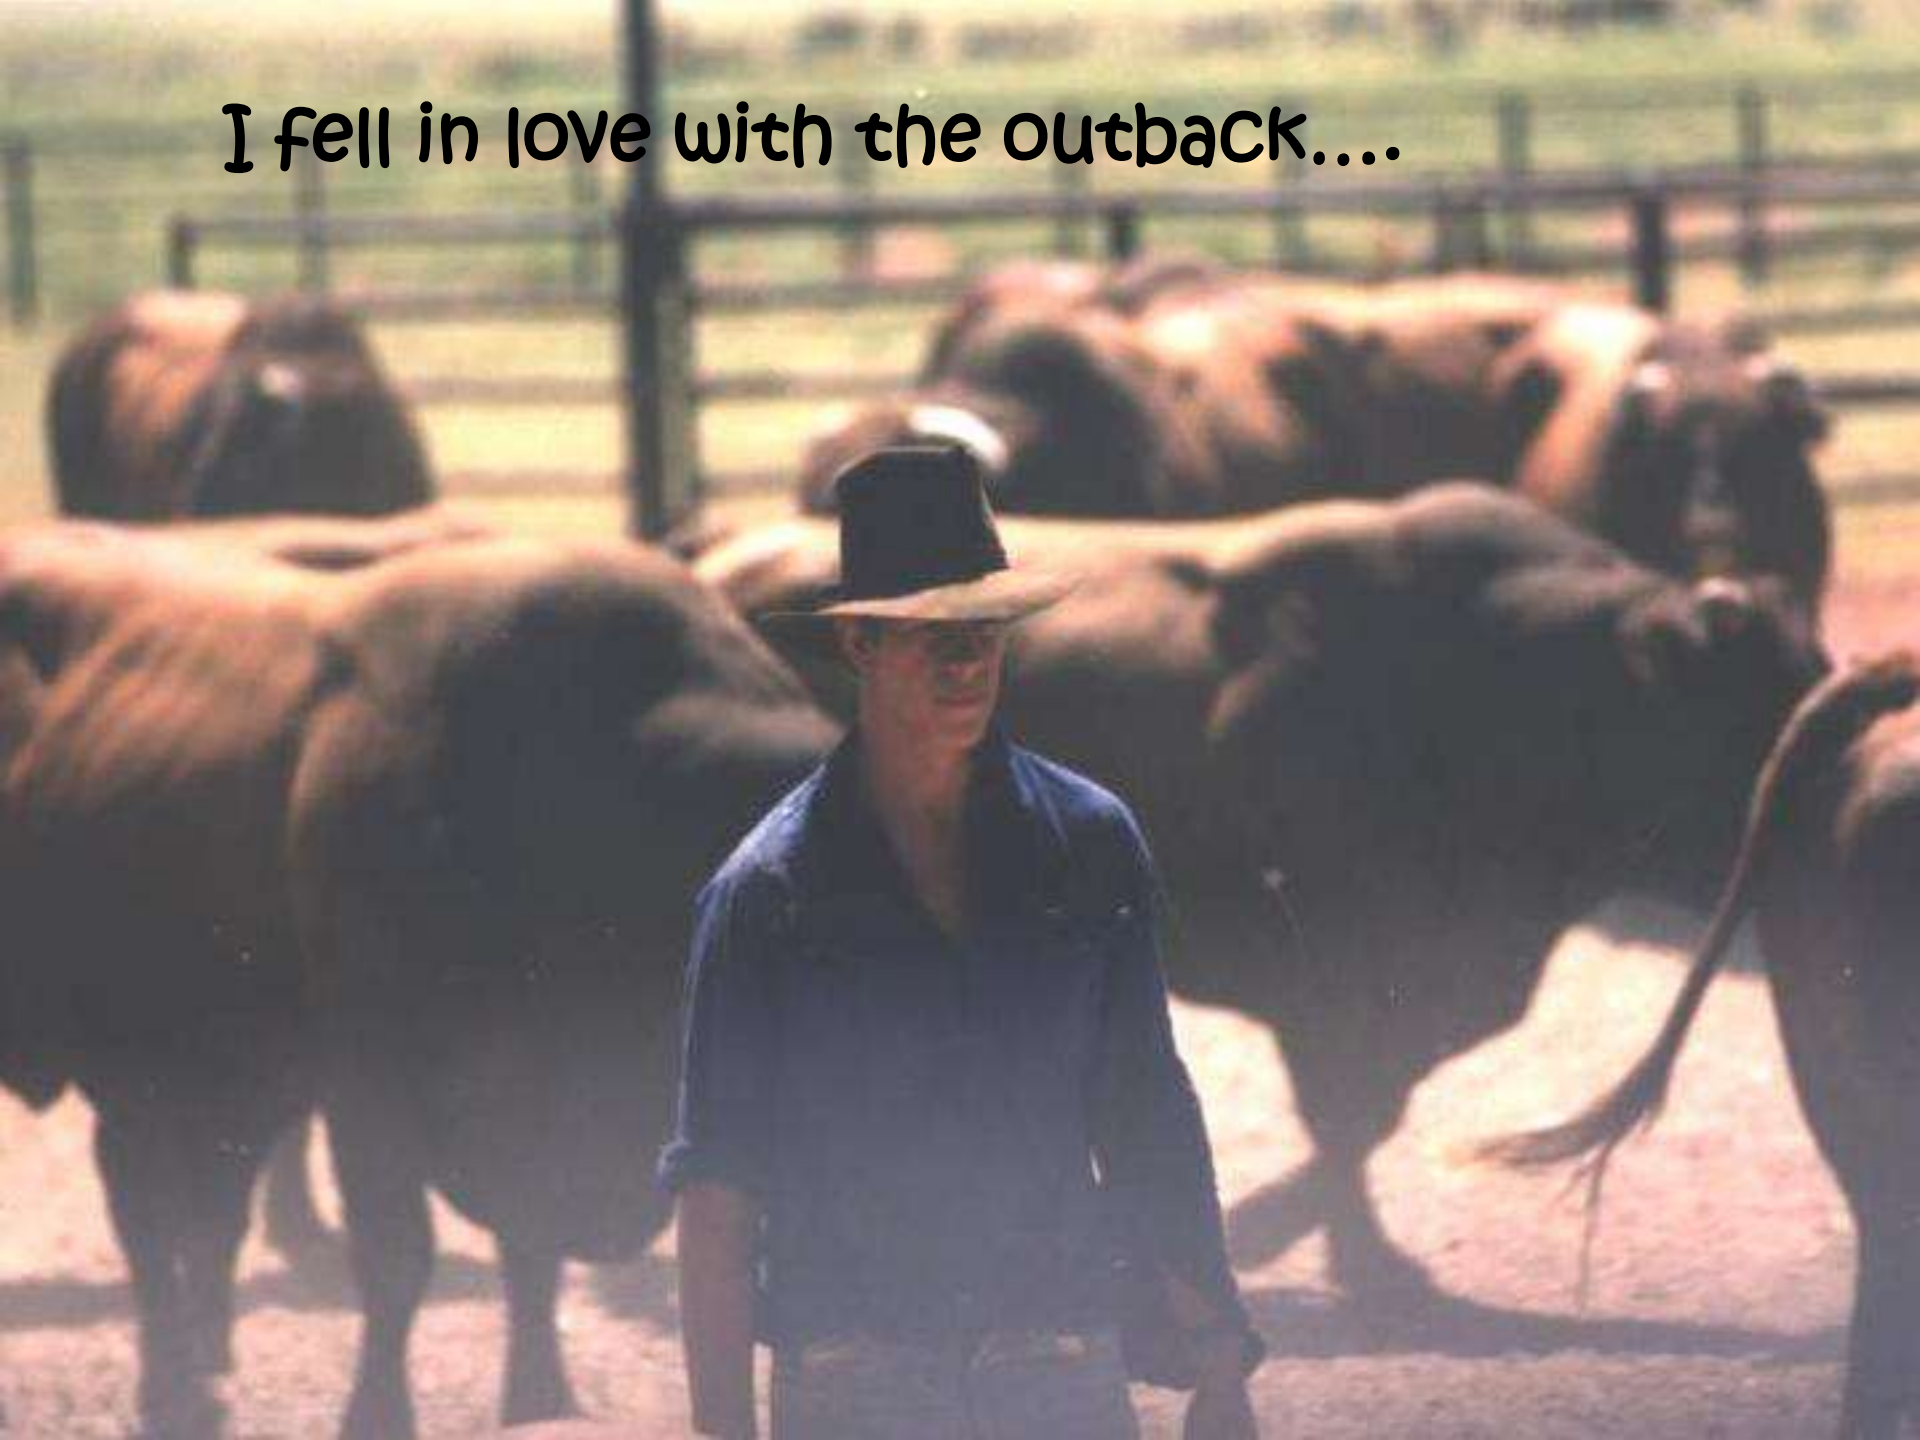

I attended the
little Croppa
Creek Primary
School....

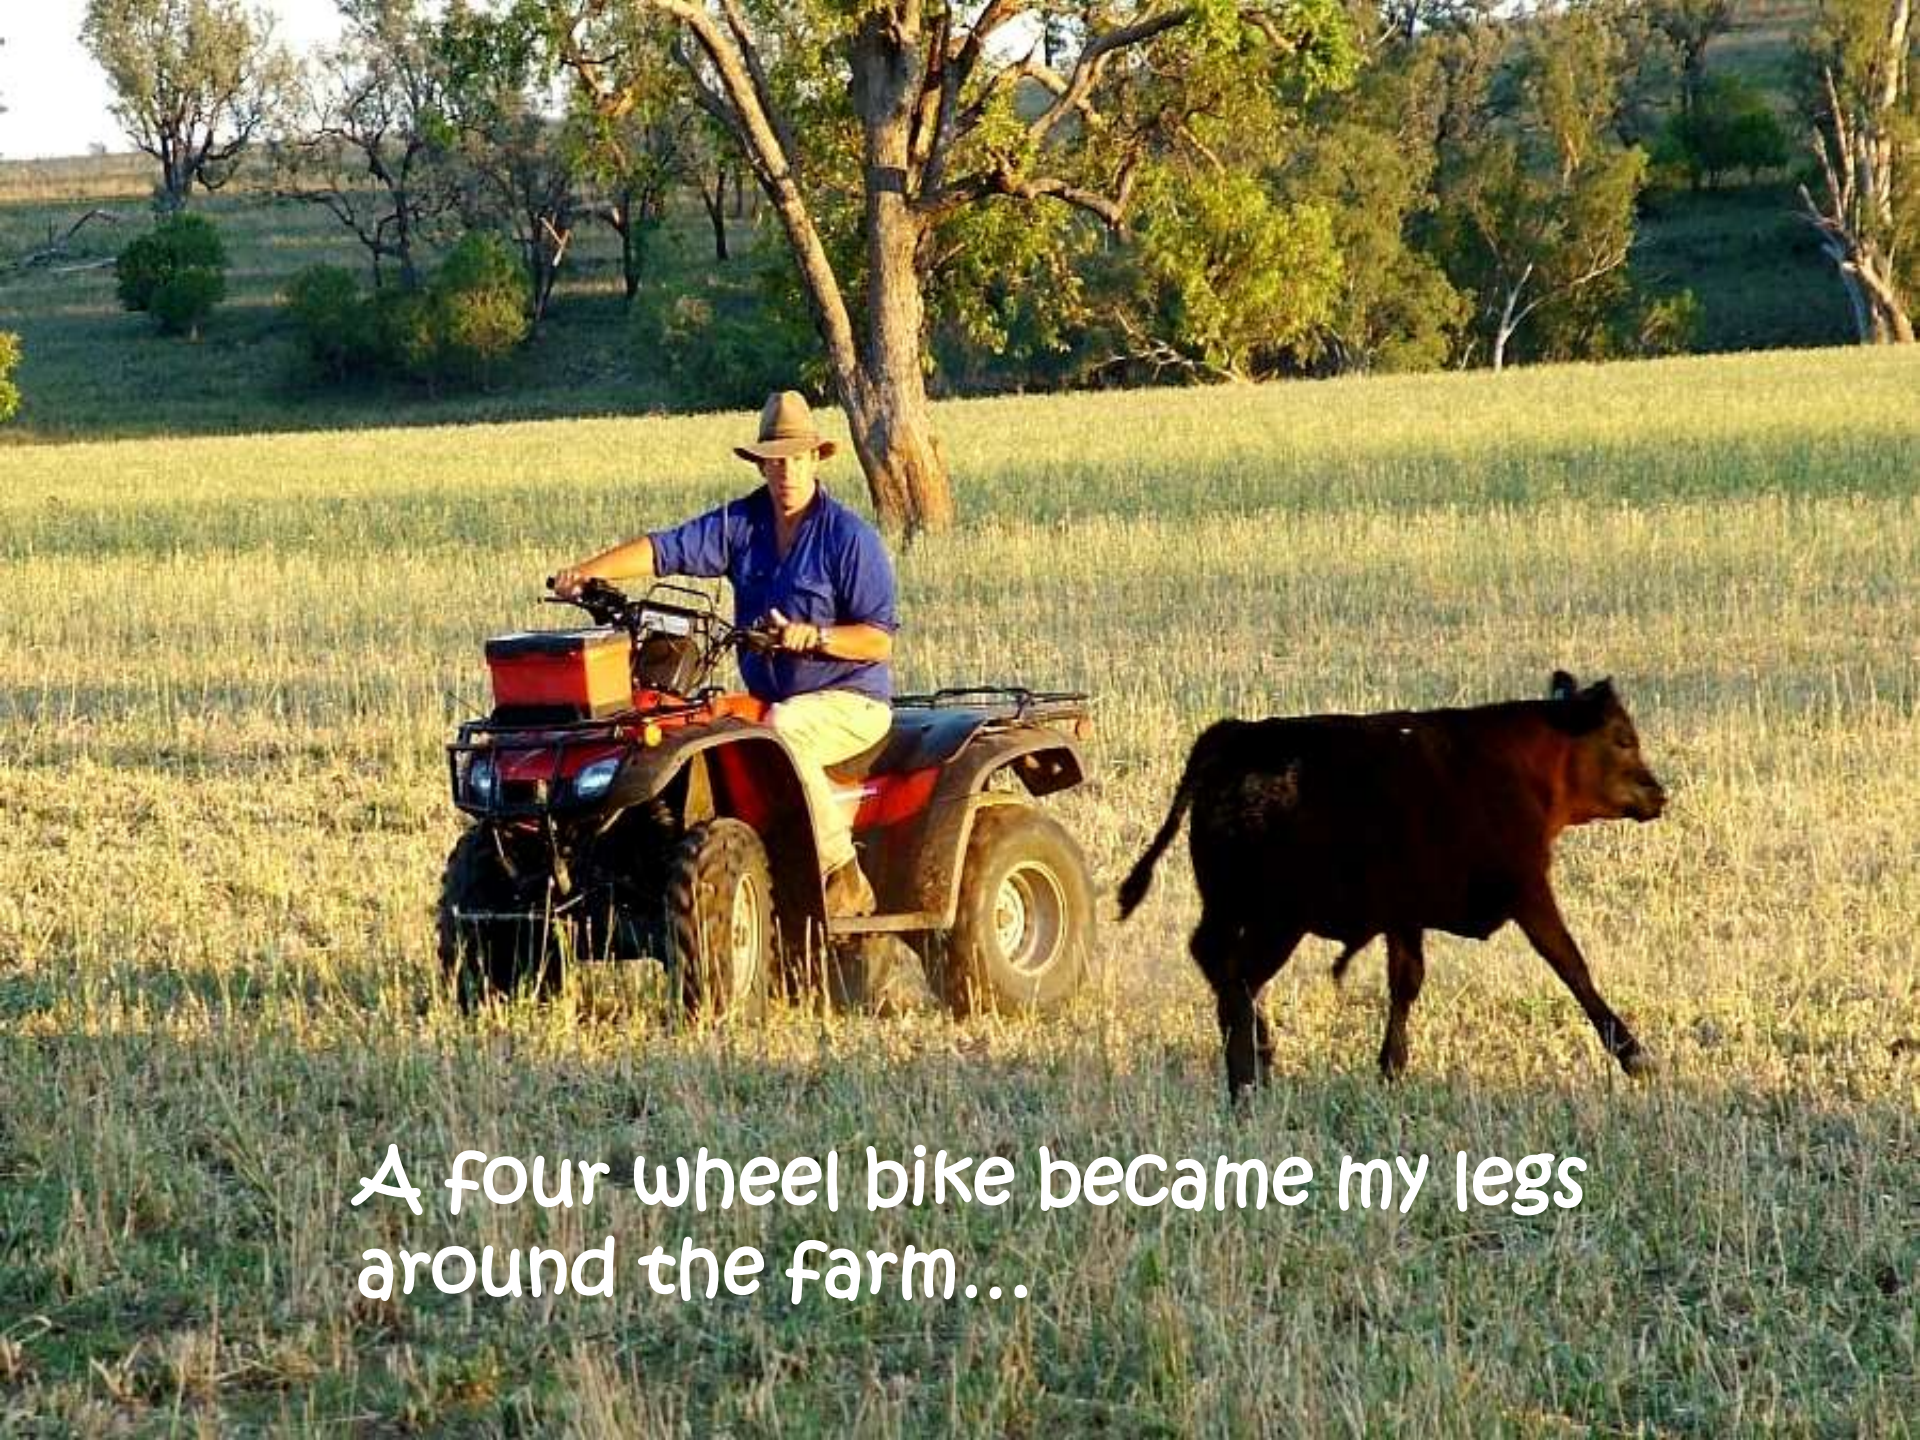

Graduating in rugby, cricket and athletics....

I fell in love with the outback....

...into a
world of total
dependence...

A four wheel bike became my legs
around the farm...

I developed a hoist to
get into the farm
machinery....

The ultralight became a very powerful symbol for me....

I tried my hand at
snow skiing...

I married my little
mate in 1999...

Together we now run a 1250-hectare
beef cattle property at Croppa
Creek.....

Opening
another
door...

The next big goal.....

....Helifirst

A man in a flight suit and helmet is seated in the cockpit of an aircraft. He is looking towards the camera with a slight smile. His right hand is raised, holding a control lever. The cockpit is filled with various instruments and controls. The background shows the sky through the cockpit windows.

I met a pretty
amaZing bloke
called Glenn...

Heliwest has agreed
to train us...

Commonwealth Bank is
Founding Sponsor...

CAN

Modifying the Chopper....

I'm a very lucky bloke...
